Secretary's Office
Winona, Minn., April 20, 1905.

The Executive Committee of the National Educational Association announces the following railway rates, arrangements and programs for the Forty-Fourth Annual Convention at Asbury Park and Ocean Grove, N. J., July 3 to 7, 1905.

RAILROAD RATES AND TICKET CONDITIONS

From points more than 100 miles from Asbury Park and Ocean Grove the usual N. E. A. rate for the round trip, one fare plus the membership fee (\$2.00), has been granted from all points in the territories of the various railway passenger associations named below, with exceptions as noted. This rate is made up of one first class limited fare from point of starting to New York city plus \$3.35, which amount includes \$2.00 N. E. A. membership fee, \$1.10 round trip from New York city to Asbury Park and Ocean Grove, and 25c Joint Agent's validation fee. The same rate also applies via **direct routes** to Asbury Park and Ocean Grove. Tickets reading via New York City will also apply via Jersey City, but in no case will tickets reading via "direct routes" be honored via New York City or Jersey City.

From points 100 miles or less from Asbury Park and Ocean Grove the rate for the round trip will be one first class limited fare plus \$2.25 (\$2.00 being membership fee and 25c fee for validation of ticket), except where this basis yields a higher rate than the regular excursion fare in which case the regular fares will prevail.

Return Limit: Tickets must be presented by the original purchaser to the Joint Agent at Asbury Park for validation on date return trip will begin, which must not be earlier than July 3rd nor later than July 10th unless extension of limit is obtained.

Extension of Return Limit: The original purchaser, by depositing ticket with Joint Agent at Asbury Park not later than July 10 and payment of a fee of fifty cents at time of deposit, may secure an extension of final return limit to and including **August 31, 1905**. (See page 4 for special directions as to deposit and validation of tickets.)

Stop-over at New York city on Return Trip: Stop-over at New York city may be obtained on the return trip **on tickets reading via New York city**, provided ticket has been validated by the Joint Agent at Asbury Park, and is deposited by the original purchaser with the Joint Agent at New York city not later than one day after validation at Asbury Park, and upon payment of fee of \$1.00 at time of deposit; but in no case shall the stop-over at New York extend beyond August 31, 1905. The Joint Agent at New York will attach a stop-over certificate to the ticket which shall not be delivered to the passenger earlier than two hours before departure of train on which return trip shall begin; except that for trains leaving after 6 p. m. and before 9 a. m. the ticket will be delivered before 6 p. m.

Stop-overs at Other Points en route: Stop-overs will be allowed at Niagara Falls, Philadelphia, Baltimore, Washington, and Montreal within the transit limits on the going trip, and on the return trip not exceeding ten days, but in no case later than the final return limit of the ticket. Tickets must be deposited with the Station Agent at stop-over points immediately on arrival. Stop-overs at other points on lines between Chicago and New York may be arranged and announced later.

The following is the list of Passenger Associations that have adopted the above rates and ticket conditions:

THE PASSENGER DEPARTMENT, TRUNK LINE ASSOCIATION, including territory westward from New York city, Montreal, and Washington, to Buffalo, Pittsburg, Wheeling, and Parkersburg. The rates above outlined were first adopted by this association, in whose territory Asbury Park and Ocean Grove are situated, and tendered to all connecting associations as a basing rate. **Dates of sale July 1, 2, and 3.**

THE NEW ENGLAND PASSENGER ASSOCIATION, except that special rates will apply from points within 100 miles of New York City. **Dates of sale, July 1, 2, and 3.**

THE SOUTHEASTERN PASSENGER ASSOCIATION, including all territory east of the Mississippi river and south of the Ohio and Potomac rivers. **Dates of sale June 29, 30, July 1, 2.** Rates from South Atlantic ports will be made by the Ocean Steamship Company of Savannah; the Clyde Steamship Company, of New York; and the Merchants and Miners Transportation Company, of Baltimore, for the round trip to Asbury Park and Ocean Grove (including membership fee) as follows: The O. S. S. Co. and Clyde S. S. Co. via New York, and M. & M. T. Co. via Baltimore and Philadelphia; from Jacksonville, \$32.50; from Savannah, Ga., and Charleston, S. C., Fla., \$27.35. These rates are tendered rail connections as basing rates, thus giving to all in this territory rates via seaports at slightly increased cost (including meals and berths) over all-rail rates. **Dates of sale June 26-30 inclusive**, except that from points in Virginia, South Carolina, North Carolina via Norfolk and Old Dominion steamships **dates of sale will be June 27 to July 1 (inc.)**

THE CENTRAL PASSENGER ASSOCIATION, including all territory north of the Ohio river and westward from Buffalo, Pittsburg, Wheeling and Parkersburg to St. Louis, Peoria, and Chicago. **Dates of sale June 29, 30, July 1, 2.** It is understood that arrangements will be made whereby all-rail tickets may be exchanged for transportation by lake steamer between Detroit and Buffalo, and also between Cleveland and Buffalo.

THE WESTERN PASSENGER ASSOCIATION extending westward from Chicago, Peoria and St. Louis, and north of St. Louis and Kansas City, including all points in Colorado, and eastward from Cheyenne, Wyo. **Dates of sale, June 28 to July 1 inclusive.**

THE SOUTHWESTERN PASSENGER BUREAU including the territory south of St. Louis and Kansas City and westward from the Mississippi River. **Dates of sale, June 28 to July 1 inclusive**; from Texas points west of Big Springs, Eagle Pass, and Del Rio, **June 27-30 inclusive.**

THE TRANS-CONTINENTAL PASSENGER ASSOCIATION:

Rates from California points for the round trip via direct routes will be one thirty-day first-class fare to Chicago, St. Louis, Memphis, or New Orleans added to the N. E. A. rate to Asbury Park authorized east of those gateways: Rates via direct routes one way and via Portland, Ore., in opposite direction will range from \$13.50 to \$24.50 higher, according to location of starting point between Redlands and San Francisco, Cal.

Rates from North Pacific Coast points for the round trip via direct routes will be \$10.00 higher than one lowest limited first class fare to eastern terminals of Trans-continental lines, to be added to fares authorized east thereof. Rates via direct route one way and via California in opposite direction will be \$13.50 higher.

The same privileges of diverse routes will apply west of the eastern gateways of the Trans-continental lines as in case of regular nine-months tourist tickets. Stop-overs will be allowed at any point on Trans-Continental Passenger Association Lines on return trip within final limit. Stop-overs on going trip will be determined by Pacific Coast Terminal Lines when **dates of sale and going limit are decided upon.**

The return trip must be completed within sixty days of date of sale.

N. E. A. tickets via New York will also apply via Jersey City and will be accepted, in either direction, at the option of the holder, on trains of the **Pennsylvania Railroad** or the **Central Railroad of New Jersey**, or via the **Steamers of the Sandy Hook Route** which leave pier No. 81, N. R., foot of West 42d St., New York, nearly every hour between 8:55 A. M. and 7:40 P. M. These steamers touch at pier No. 10, N. R., foot of Cedar St., sail down the upper and lower bays, thru The Narrows, and land their passengers at Atlantic Highlands, whence trains are taken to Asbury Park and Ocean Grove.

Tickets reading "via short line" or "direct route" to Asbury Park will under no circumstances be honored via New York or Jersey City.

Full information concerning transfers thru New York may be obtained from the individual lines entering New York or Jersey City, or from a special N. E. A. folder which will be sent, on application, by the Central R. R. of New Jersey, 143 Liberty St., New York city.

It should be remembered that no tickets are good for return from Asbury Park before July 3; that tickets on which extension of time is desired for leaving Asbury Park later than July 10 **must be deposited with the Joint Agent before 6 P. M. of that date;** and that **all tickets, whether deposited or not, must be validated** by the Joint Agent immediately before starting on the return trip. A charge of fifty cents will be made by the Joint Agent as a deposit fee for each ticket on which extension is granted. The fee for validation will be included in the purchase price of the railroad ticket.

The HEADQUARTERS of the NATIONAL EXECUTIVE COMMITTEE, the BOARD OF TRUSTEES, and the OFFICERS OF DEPARTMENTS will be at the COLEMAN HOUSE.

GENERAL INFORMATION

The Casino will be open at night until after the last train arrives, for the reception and assignment of members. It is, however, hoped that all will plan, so far as possible, **to reach Asbury Park in the daytime.** The Reception Committee and guides will meet all incoming trains at the Asbury Park and Ocean Grove (union) Station to direct guests to Registration Headquarters at the Casino, or to places to which they have been assigned.

Conductors of parties will confer a great favor on the Reception Committee if they will kindly telegraph from the last junction point en route to **R. A. Tusting, Secretary of the Local Committee at Asbury Park**, the expected hour of arrival, the route, the designation of the train, and the number in the party desiring accommodations.

Since the people of New York and Philadelphia are accustomed to resort to the Jersey coast cities for the Fourth of July vacation, the Local Committee earnestly advise that accommodations be secured in advance and the exact time of arrival be sent to the place assigned as soon as it can be ascertained. While the Committee expect to be able to supply accommodations to all on arrival, advance applicants will doubtless secure the best accommodations for the price. In applying for entertainment the number and sex of the members of the party, the desired grouping of same in rooms, and the prices they are willing to pay should be definitely stated.

Only members of the Association can receive assignment to accommodations by the Local Committee; hence all should register immediately upon arrival.

The EXECUTIVE COMMITTEE OF THE ASSOCIATION recommend that all plan, so far as possible, to start from home on the **first date of sale of tickets**, and thus avoid conflict en route with the members of another large convention meeting at Baltimore, Md., July 5. A day or two of rest in these cities before the Convention will be time well spent.

Special N. E. A. services will be held in the Ocean Grove Auditorium Sunday, July 2, at which REV. NEWELL DWIGHT HILLIS, of Plymouth Church Brooklyn, will preach in the morning, and REV. RUSSELL H. CONWELL, of Temple Church and College, Philadelphia, Pa., in the evening.

HOTELS.

The following partial list of hotels and boarding houses indicates something of the resources of Asbury Park and Ocean Grove for entertaining the Convention. There are many other hotels at points along the beach north and south that can be reached in a few minutes ride by trolley lines.

In addition, the Local Committee has secured many thousand accommodations in private houses, both in Ocean Grove and Asbury Park, at rates ranging from \$1.00 to \$1.50 per day and at corresponding rates per week. All rates named are on the American Plan.

It is earnestly advised that accommodations be secured in advance of the convention by early application to R. A. TUSTING, Secretary of the Local Committee, Asbury Park.

The rates quoted are special to N. E. A. members and can be obtained only on presentation of the N. E. A. membership certificate.

**MEMBERSHIP REGISTRATION BUREAU
JOINT RAILWAY AGENCY
LOCAL COMMITTEES OF RECEPTION AND
ASSIGNMENT**

The above bureaus will be located in the beautiful new Asbury Avenue Casino situated on the beach.

All persons attending the convention should report **immediately on arrival** at the Registration Bureau, exchange the railway membership coupon for an **N. E. A. membership certificate and badge**, and at the same time deposit the railway ticket with the Joint Railway Agent if extension of time for leaving Asbury Park later than July 10th is desired. In all cases the membership registration should be made before the railway ticket is deposited with the Joint Agent. **The assignment to hotel and boarding accommodations will be made at the same time and place to registered members only.**

THE PURCHASE OF TICKETS

Care should be taken in the purchase of tickets to see that a special "**N. E. A.**" ticket is obtained **bearing transportation coupons to Asbury Park and Ocean Grove and return and also an N. E. A. membership coupon** which will, by exchange in Asbury Park, as above directed, secure all special reduced rates and other privileges of membership, including a "**Coupon for Proceedings**" of the Asbury Park and Ocean Grove Convention.

The purchaser must determine at the time of purchase whether ticket is desired via **direct routes or via New York city**. The price is the same, but tickets reading via "**direct routes**" will under no circumstances be honored via New York city. Tickets reading via New York city will be good also via Jersey City.

In all cases the purchaser should read the contract on ticket and secure from the selling agent explanations of any provisions not fully understood. This will prevent errors which are always embarrassing and often impossible to correct later.

BAGGAGE

Members who are not definitely located in advance should **hold their checks** until accommodations have been secured.

MAIL AND TELEGRAMS

A special branch **N. E. A. Post Office** in charge of government officials will be located at the Casino, where all mail addressed in care of the **N. E. A.** may be found. Members should advise their friends at home of their Asbury Park or Ocean Grove address as soon as located that possible telegrams may be delivered without delay.

SOCIAL EVENINGS

Tuesday evening, July 4th, and Friday evening, July 7th, are set apart for social purposes.

The Local Committee, representing the citizens of Asbury Park and Ocean Grove, have plans for special out-of-door entertainment for members on those evenings.

It is expected that **all state, department, and other receptions shall be confined to the social evenings** in order that they may not conflict with the regular sessions of the Convention.

MEMBERSHIP

Active Membership—The present active membership of the Association includes about 4,500 of the leading teachers in the United States.

All teachers and others actively associated with educational institutions, including libraries and periodicals, may become active members by paying an enrollment fee of \$2.00, in addition to the annual dues (\$2.00).

Active membership implies **permanent** membership and **will continue** until notice of discontinuance is sent to the Secretary. Among the many special advantages of active membership may be mentioned the following:

1. **Active and permanent** connection with the National Educational Association and its work.
2. **Publication of name** (with titles of degree, if any) and educational position in the **annual Yearbook**, which now constitutes the most valuable educational directory issued.
3. **The annual volume of proceedings** without "coupon" or other conditions, together with bulletins of information and other publications issued by the Association.
4. **The privilege of voting**, holding office, and sharing in the business management of the Association and its departments.
5. **Many special privileges** at the time of the annual convention, which are extended to active members (and their families) as the delegate and representative body of the Association.

Active members already enrolled are especially requested to announce the fact of such membership at the **Registration Bureau at Asbury Park**, that the proper certificate and badge (blue) may be issued, and credit of dues properly entered on the records.

At the general and department meetings seats will be reserved for **Active members and their families** until five minutes before the time of opening.

Associate Membership—Associate membership certificates and badges will be issued on payment of \$2.00, or in exchange for a railway membership coupon, to those who are not engaged in educational work as well as to those who may be eligible to become active members, but who do not choose to enroll as such.

Associate members will receive with the membership certificate a coupon for the annual Volume of Proceedings which will be sent express prepaid as soon as published to all associate members who send the "Coupon for Proceedings" to the Secretary's office before September 1st. The Associate Membership badge will admit to all meetings, receptions and concessions excepting the "special privileges" indicated above for active members.

All who are eligible are invited to enroll as **active members**.

BADGES

There will be two classes of badges; **Active (blue)** and **Associate**. || Badges will be issued at time of registration, or, in the case of advance members, on presentation of their advance membership certificates, at the **Registration Bureau in the Asbury Park Casino**.

Admission to all meetings and to all special receptions, entertainments and favors for N. E. A. members will be strictly by membership badge or certificate.

The Charles L. Seabury Company, whose ship building works are located on Harlem River near the University grounds, have kindly offered to open their works to visitors presenting N. E. A. membership certificates.

A special circular giving full particulars will be furnished on application to JOHN H. MACCRACKEN, university syndic, New York University.

THE AMERICAN INSTITUTE OF INSTRUCTION

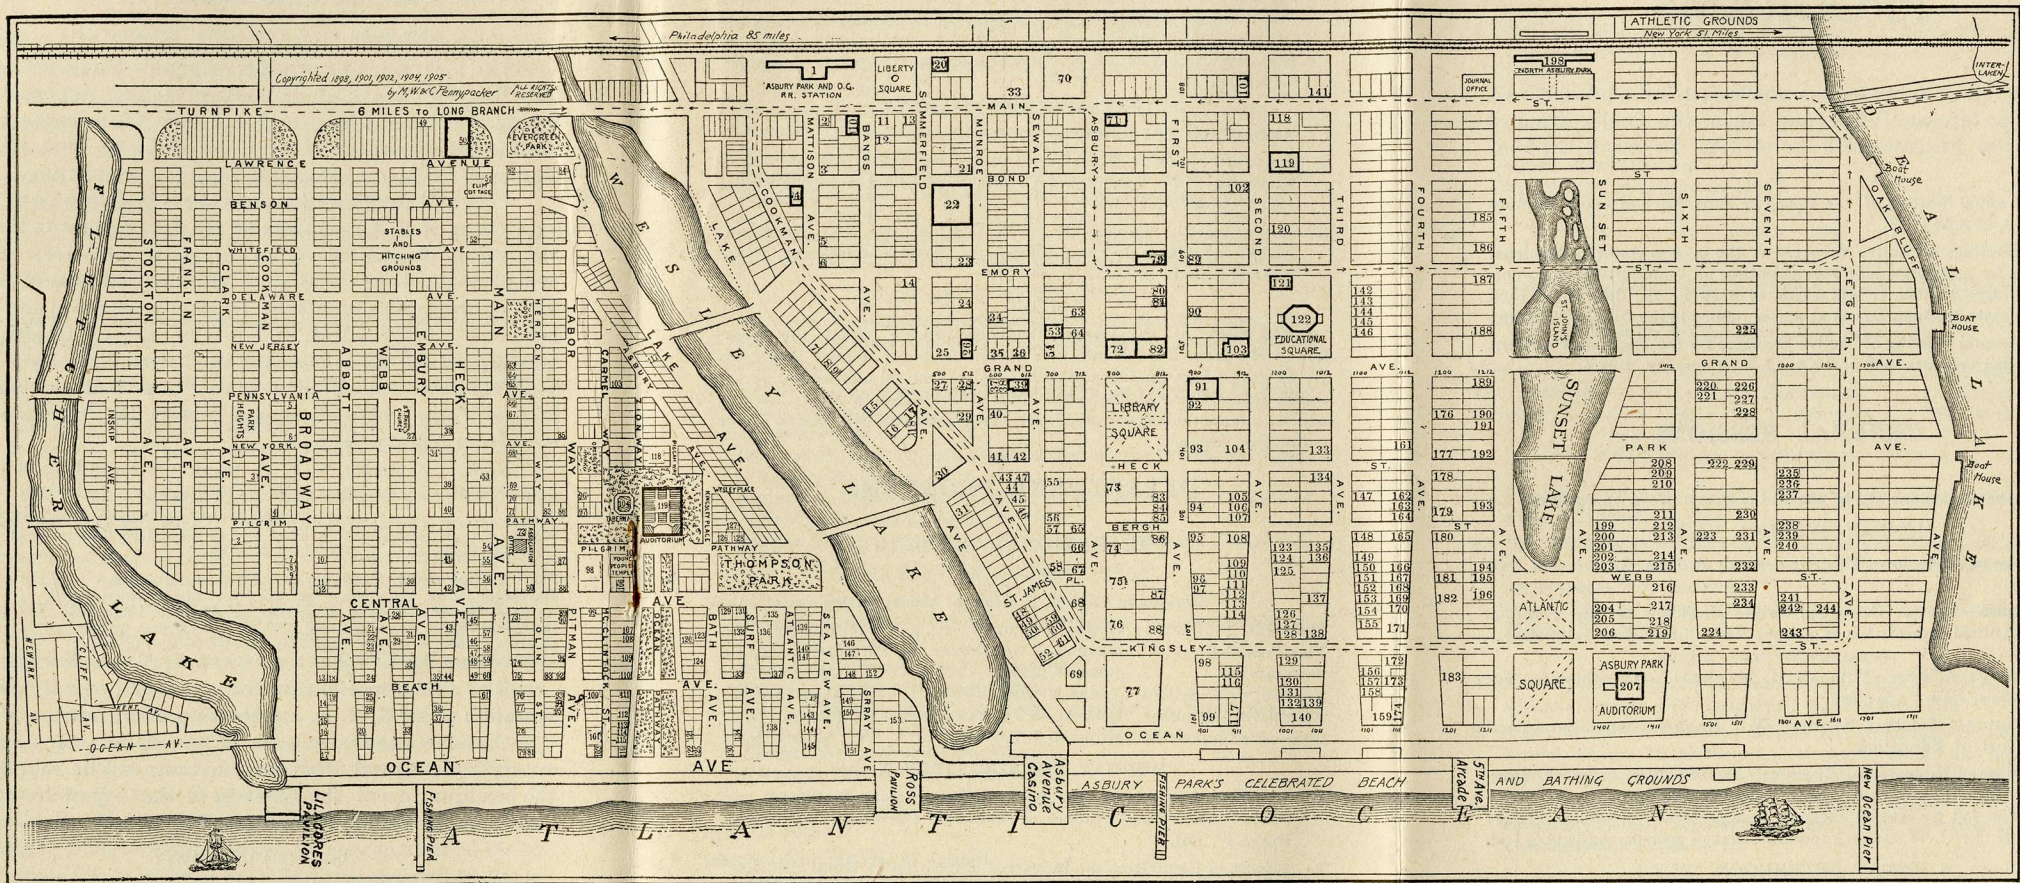

The meeting of the AMERICAN INSTITUTE OF INSTRUCTION at Portland, Me., during the week following the Convention, July 10 to 13, affords the members of the N. E. A. a favorable opportunity to attend the **seventy-fifth anniversary** of the organization of that Association and to return, in a measure, the delightful and generous courtesies extended to the N. E. A. by the officers and members of that body at the Boston Convention in 1903.

The Railroads of the New England Passenger Association have granted for this occasion a round-trip rate from New York city to Portland of \$10.00. Tickets will be sold July 8 to 13 inclusive, good to return July 10 to 31 inclusive, with provisions for extension on the deposit plan to August 31st. On tickets reading via Boston, stop-over may be obtained at Boston on the return trip until August 31st. These privileges will be available only to those who become members of the A. I. I. by paying the membership fee of \$1.00 at Portland.

The Main Steamship Company, pier 32, East River, New York city, will sell tickets to those presenting N. E. A. membership certificates for steamers leaving New York on the afternoon of July 8 and the morning of July 10 at the reduced rate of \$8.00 for the round trip to Portland (providing 25 tickets are sold; otherwise the regular rate of \$10.00 will be charged) including berth in four-berth room. Private state rooms for two or three persons range from \$2.00 to \$5.00 for the trip. Tickets are good for return within thirty days from date. The trip is made in about twenty-four hours.

The hotels and boarding houses at Portland and Old Orchard Beach offer special, and very low, rates to those attending the Convention. Application for Program-Bulletin should be made to President CHARLES H. KEYES, 82 Wethersfield avenue, Hartford, Conn., or to Secretary WILLIAM C. CRAWFORD, 80 Ashford street, Allston, Mass.

REVIEW

The Executive Committee presents the foregoing Bulletin of programs and arrangements for the Forty-fourth Annual Convention in confidence that it will convey assurances of a large and successful meeting at Asbury Park and Ocean Grove.

No one will fail to recognize the excellence and promise of the various programs, which close with an address before the Association, in the great Ocean Grove Auditorium, by the President of the United States.

It should be noted that the Department Programs are distributed over six half days in order to avoid, so far as possible, conflict of interests, and to facilitate the interchange of attendance at department meetings.

An important feature of the program of the National Council will be the discussion of the reports of three committees of investigation, viz., Committee on Salaries Tenure and Pensions of Teachers; Committee on Taxation as Related to Public Education; and Committee on Industrial Education in Rural Schools.

The successful efforts of the Local Committee in securing special rates of entertainment, by the day and by the week, deserve appreciation by all and especially by the many members who will wish to spend a portion of their vacation in these beautiful cities by the sea.

The after-convention arrangements by the Teachers of the City of New York, with Columbia University and New York University co-operating, will afford exceptionally favorable opportunities for visiting the many points of interest in New York and vicinity. It is believed that many members will avail themselves of these courtesies.

It is hoped that many will find it possible to attend the meeting of the American Institute of Instruction at Portland, Me., for which special rates have been secured.

Active members, superintendents and others are invited to send to the Secretary, undersigned, addresses of those who will be interested in this Program-Bulletin, and to cooperate with their respective state directors and managers in extending information, and in securing a large attendance at the FORTY-FOURTH ANNUAL CONVENTION.

Respectfully submitted, for the Executive Committee,

IRWIN SHEPARD,
Secretary.

WILLIAM H. MAXWELL,
President.
